Unit 6 assessment manual testing sheet

Overview: Testing the functionality of the "Duel bots" game

Test Plan
- Test "see all bots" button
- Test Win/Loss counter
- Test Play again button
- Test Add/Remove bot buttons
- Test Duel button

Test Case :
Adding a bot to Duo
1. Navigate to http://localhost:3000/
2. Click on 'Draw' button
3. Scroll down and locate 'Add to Duo' Button and click
4. Scroll down and locate 'Your Duo" Section and below you should see the bot that you added to your duo

Bug report 1
'Win' Condition number not going up when you win:
Steps to reproduce"
1. Navigate to http://localhost:3000/
2. Click on 'Draw' button
3. Scroll down and locate 'Add to Duo' Button and click on two different bots to create a Duo
4. Scroll to bottom of page and click on 'Duel' button
5. Scroll back up to the top of the page and locate the Wins/Losses counter and see if you won/lost the duel
6. If you lost repeat steps 2-5

Expected result:
- When you Win the 'Win' counter should go up
Actual result:
- When you win the 'Losses' counter goes up
Environment:
- Windows 11
- Chrome version 100.0.4896.127 (Official Build) (64-bit)

Bug report

'See all bots' button does not work:

Steps to reproduce

      1.Navigate to http://localhost:3000/

      2. Click on 'See all bots' button

      3. Scroll down to see that no bots show up in the list when the button is clicked

Expected result:

- When you click the 'See all bots' button you should get a list of images and stats

Actual result:

- When you click the 'See all bots' button nothing happens

Environment:

- Windows 11
- Chrome version 100.0.4896.127 (Official Build) (64-bit)
